## 2023 Leland Gayheart Prevention Award

Leland Gayheart was a 23-year-old firefighter that lost his life due to a devastating burn injury in 1991. As a tribute, the Leland Gayheart Prevention Award was created to encourage prevention programs within local fire departments. An honorarium is awarded annually to fire departments whose innovative efforts have demonstrated a statewide, countywide, or citywide impact on prevention and fire safety. This award is presented in joint effort by the Gayheart family and the University of Michigan Trauma Burn Center.

- This year's award honorarium is \$1,000
- All nomination forms must be submitted by October 31<sup>st</sup>
- Programs are scored on the program design, outcomes, leadership role, target audience and impact on local, state or national level
- Completed nomination forms and supporting materials can be sent to [traumaburn@umich.edu](mailto:traumaburn@umich.edu)
